

MISSOURI SOIL AND WATER ASSOCIATION

Rules for FFA Prepared Public Speaking

2019 – “Life in the Soil, Dig Deeper”

December 3, 2019

Purpose

The purpose of this contest is to promote a stronger interest and clearer understanding of the many aspects of natural resource conservation, to provide opportunities for our youth to gain knowledge, appreciation, and understanding of Missouri’s natural resources and help to promote their many vales and virtues.

Eligibility

1. The MASWCD FFA Speaking Contest will be open to all FFA students who are regularly enrolled in vocational agricultural education classes and who are active members of chartered FFA chapters in good standing with the State Association.
2. Each local FFA chapter will determine the local representative to the district contest. Missouri is divided into six FFA districts. Each district is eligible to send one district winner to the state contest.
3. Props or equipment are not to be used.
4. A participant will be permitted to use notes while speaking, but deductions in scoring may be made for this practice if it detracts from the effectiveness of the presentation.
5. The state FFA Public Speaking Contest will be held in conjunction with the annual meeting of the Missouri Association of Soil and Water Conservation Districts. The 2019 MASWCD meeting will be December 2 – 4 at Tan-Tar-A Resort in Osage Beach, MO. All participants are required to wear official FFA dress when delivering their speech.

Topic

1. Each participant will prepare a speech based on the topic MASWCD selects for each year.
2. Official judges shall disqualify any participant who speaks on a topic not related to the selected topic.
3. All speeches used must be of the problem-solution type.
4. Ten days prior to the contest, a typed copy of each speech must be forwarded to the contest superintendent.
5. The oral presentation by each participant should follow their written speech.
6. Each participant’s speech is to be the result of his or her own efforts.

Note

Credit must be given to others when any direct quotes, phrases or specific dates are used in order that the participant is not guilty of plagiarism. The Boards of National Officers and Directors of the FFA at the October 1960 meeting in Kansas City, Missouri, adopted the following:

"A bibliography MUST be included as part of the public speaker's manuscript and direct quotes from any other source of information must be marked in 'quotes' on the manuscript and be identified in the bibliography. Failure to do so will automatically disqualify a participant. This applies to all speeches above the local level."

Time Limit

1. A timekeeper shall be designated to record the time used by each participant in delivering their speech, noting under-time or over-time, if any, for which deduction should be made.
2. Each participant must speak a minimum of six minutes in length and a maximum of eight minutes.
3. Deductions of 20 points per minute, or a major fraction thereof, will be made from the score of each judge for speeches less than six minutes or over eight minutes in length. (To prevent being penalized, a participant must speak over five minutes 30 seconds, but less than eight minutes 30 seconds).
4. Time commences when the speaker begins talking.
5. The participant's speech will be followed by a five (5) minute period, during which the judges will ask them questions relating to their speech. The time for the question period will begin when the first judge begins asking a question.
6. At the end of the five-minute question period, the timekeeper(s) will call time. When time is called the speaker, if interrupted, may complete the sentence they were saying or they may stop in mid-sentence with no penalty.

Method of Selecting Winner

1. Participants shall draw for order of speaking. The room host shall then introduce each participant by name and speech title. Applause shall be withheld until all participants have spoken.
2. Three competent and impartial persons will be selected to judge. When possible, the judges should have an agricultural background.
3. During the presentation, the judges will score each participant upon the delivery of their presentation, using the score sheet provided.
4. Judges will be furnished typed copies of the participants' manuscripts, which they will read and grade on content and composition prior to the contest.
5. Each judge shall formulate and ask questions that pertain directly to the speaker's subject. All judges will ask at least one question.
6. Questions containing two or more parts should be avoided.
7. Judges will score each participant on their ability to answer all questions asked by all judges.
8. The full five minutes for questions should be used.
9. When all participants have finished speaking, each judge will total their score on each participant. The timekeepers' records will be used in computing the final score for each participant.
10. Participants shall be ranked in numerical order by each judge without consultation with any other judge.
11. If any judge's scoring results in a tie between two or more speakers, the judge shall be asked to re-score so as to avoid the tie.
12. After a judge has broken all ties in total score they will rank all participants in numerical order without consulting any other judge. The rankings of the three judges shall then be added and the winner will be the participant whose total of rankings is the lowest. Other places shall be determined in the same manner (Low point score method of selection).
13. If a tie occurs when adding the rankings of the three judges, the individual who has the highest grand total score shall be ranked higher.

This contest is sponsored by The Jerry Litton Foundation and the Missouri Association of Soil and Water Conservation Districts.
